
Dynamics of Transformation of Czech Social Protection System in Context of Globalization and European Construction

2002–2004

Principal Investigator: **Martin Potůček**

The project was part of an international EU COST A 15 project entitled, “Reforming Social Protection System in Europe: Comparing Dynamics of Transformation of Social Protection System in Context of Globalization and European Construction”, which primarily aimed at disseminating knowledge about reform processes within European social security systems in the context of globalization and European integration.
