# A New Agenda for European Security Economics (EUSECON)

---

2008–2012

Principal Investigator: **Libor Stejskal**

The project is developed within the 7<sup>th</sup> EU Framework Program and coordinated by DIW Berlin. The CESES is one of its 14 consortium partners. It aims to outline a research framework for the field of “security economics” and to study the economic aspects of specific security problems and policies.
